Tech Enthusiast | Android Developer | Cloud & AI Learner

PROFESSIONAL SUMMARY

Technology enthusiast and BCA student with hands-on experience in Android development, cloud technologies, and data analytics. Skilled in building mobile applications using Java, Kotlin, Firebase, and REST APIs. Completed multiple internships including Microsoft Elevate (Azure), AICTE-IBM SkillsBuild, and Navodita Infotech, working on projects involving mobile development, AI tools, and analytics. Passionate about learning emerging technologies and building scalable solutions across mobile, software, and cloud platforms.

TECHNICAL SKILLS

- **Programming Languages** :Java, Python, SQL, Xml, Html, Css
- **Cloud Platforms** :Microsoft Azure, Cloud Fundamentals
- **Databases** :MySQL, Firebase Realtime Database and Authentication
- **Data & Analytics Tools** :Power BI, Tableau (Basic), Kaggle
- **Tools & Technologies** :Git, GitHub, Visual Studio Code, MS Office, Android Studio
- **AI & Emerging Tools** :Prompt Engineering, AI Agents, REST APIs

PROJECTS

BNS Law Awareness App — Android (Java, Firebase) | GitHub:https://github.com/srijanshukla71/IPC_LAawAPP.git

- Developed an Android application providing legal awareness and case-related information
- Implemented modules including Lawyer Directory, Live Chat Consultancy, and Case Status Tracking, Analytical Dashboard
- Designed modular UI using Fragments for better scalability and maintenance

BlogBuzz App — Android (Firebase) | GitHub: <https://github.com/srijanshukla71/Blogbuzz.git>

- Built a blogging application allowing users to create, edit, and manage posts
- Integrated Firebase Authentication and real-time database
- Improved app performance and UI responsiveness

Automatic Fire-Extinguisher Robotic Vehicle — Arduino

- Designed an Arduino-based fire detection system using flame sensors
- Automated fire suppression using DC pump and motor control

WORK EXPERIENCE

Microsoft Elevate – Emerging Technologies Intern AICTE × Microsoft | Jan 2026 – Feb 2026

- Gained hands-on exposure to Azure fundamentals and cloud services.
- Built a mentor-guided project demonstrating cloud and problem-solving skills.
- Participated in industry masterclasses and technical mentoring sessions.

AICTE – Edunet Foundation Internship | Nov 2025 – Dec 2025

- Completed a 6-week AICTE certified internship with IBM SkillsBuild
- Developed a mentor-guided project demonstrating problem-solving skills

Intern Developer — Navodita Infotech | May 2025 – June 2025

- Developed and tested an Android blogging application using Firebase
- Implemented user authentication and database integration
- Optimized UI/UX for improved user experience

EDUCATION

Bachelor of Computer Applications (BCA)

- United Institute of Management, Allahabad | 2023 – 2026

Bachelor of Arts (BA)

- Mevalal Jaiswal Mahavidyalaya, Allahabad | 2021 – 2023

Higher Secondary (XII)

- Bishop Johnson School, Allahabad | 2021

Secondary (X)

- Bishop Johnson School, Allahabad | 2019

CERTIFICATIONS

- Microsoft Azure – Emerging Technologies Internship AICTE × Microsoft Elevate | Feb 2026
- Barclays LifeSkills Programme GTT Foundation | Jan 2025
- AI Agents Intensive Course Kaggle × Google | Dec 2025
- AICTE – Edunet Foundation Internship IBM SkillsBuild | Nov 2025
- Data Analytics Job Simulation Deloitte (Forage) | Jun 2025
- Data Science Using Python (United Institute of Management) | Jul 2024

ACHIEVEMENTS

- Winner – Group Discussion & Presentation Round, Modeling ,Inter-College Kabaddi Championship
- Head Coordinator – Annual Function (500+ attendees)
- 2nd Prize – District Science Exhibition (Robotics)
- Participant – Smart India Hackathon, Yuva Hackathon
